

Evisceration fifth quarter

Fifth quarter: An overview

The value of animal byproducts has increased over the last years. Frontmatec can help you get the most out of all animal byproducts.

At Frontmatec, we have much experience in developing solutions for byproduct processing. We offer a broad portfolio of solutions, from total solution to small-scale project.

We can supply solutions for

- Heart
- Liver
- Spleen
- Tongue
- Sweetbread
- Paunches
- Heads
- Etc.

Frontmatec aspires to construct the best solution for your business together with you. Our experts can assist you in optimizing your (existing) offal processing area in terms of efficiency, ergonomics, yield, hygiene and traceability.

Hygiene

The Frontmatec fifth quarter solutions comply with the strictest hygiene demands.

Safety and legal requirements

The evisceration fifth quarter solution is CE approved and designed in accordance with the EU and USDA regulations to meet the strictest demand on health and safety.

Why the evisceration fifth quarter solution!

- Proven concepts
- Minimal contamination due to hygienic solutions
- Traceability
- Efficient and ergonomic solutions
- Increased yield
