

SERVICE SOLUTIONS // BLADE RESHARPENING PROGRAM

PRECISION IS KEY FOR HIGHER QUALITY AND YIELD

With our North America blade resharpening program, you'll be given all the blades you need to operate the machine based upon recommended intervals to change. We monitor usage, and ensure you always have blades ready to go.

With a flexible monthly payment plan, you are guaranteed to have quality, resharpened blades for consistent performance.

Benefits of the Program

- Precision is key for a higher quality and yield
- No blade inventory to support – cases full of sharpened blades are delivered weekly
- Sharpening quality guaranteed
- Easier invoicing
- Easier to troubleshoot equipment issues with known quality blades
- Free automatic blades replacement when end-of-life is reached – cases are always full!

Program Includes:

- All blades needed to operate (1 or 2 shifts)
- Professional shipping cases
- Up to 10% broken or bent blade replacement
- Safety week buffer on-site
- Service agreement (condition report, training)
- 24/7 hotline support
